

EXTENSIONS OF REMARKS

HONORING SUMMER BRITCHER OF PENNSYLVANIA FOR HER CAREER ACHIEVEMENTS AND PERFORMANCE AT THE 2018 WINTER OLYMPICS IN SOUTH KOREA

HON. SCOTT PERRY

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, March 7, 2018

Mr. PERRY. Mr. Speaker, today I extend my sincere congratulations to Miss Summer Britcher of Glen Rock, Pennsylvania, for a great run at the 2018 Winter Olympics in PyeongChang, South Korea. Summer represented the United States on the Olympic Luge team, and is a true champion—of which the citizens of the 4th Congressional District couldn't be more proud.

Summer's career highlights thus far are remarkable. Her five World Cup career victories make her the all-time singles leader in USA Luge history. She won the 2012 Youth Olympic Games Gold medal in team relay, the Silver medal in team relay at Junior World Championships in Austria, earned the 2013 Norton Junior National Championship, and was named the 2017 U23 World Champion. Summer also finished 15th at the 2014 XXII Olympic Winter Games in Sochi, Russia.

Although the end result at the 2018 Winter Olympics wasn't as she'd hoped, Summer was the epitome of true grit, character and sportsmanship. She summarized the experience with the following statement: "I love my teammates, and I think the important thing that I feel (is) incredibly lucky to be a part of this team and to have them in my life." Summer set the standard—in performance, perseverance and sportsmanship—for all to follow.

On behalf of Pennsylvania's Fourth Congressional District, I commend and congratulate Summer Britcher on her hard work and determination that has led to these exceptional achievements. We look forward to her future adventures.

TUOLUMNE COUNTY ALLIANCE FOR RESOURCES AND ENVIRONMENT FOUNDER'S DAY CELEBRATION

HON. TOM MCCLINTOCK

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, March 7, 2018

Mr. MCCLINTOCK. Mr. Speaker, Tuolumne County Alliance for Resources & Environment, known by its acronym TuCARE, was founded in 1988 by a group of concerned citizens who believed forest regulations were dooming rural communities to economic ruin. It has grown in to an effective grassroots organization dedicated to educating the public and legislators about the wise use of our natural resources.

The group emphasizes "Multiple Use is Wise Use", meaning the public lands and resources contained therein are intended for a variety of public uses, including timber production, recreation, watershed sources, and biodiversity in habitat.

Officers and members of TuCARE make presentations before legislative bodies and present to public and private organizations on behalf of Tuolumne County natural resource issues. As part of their mission to educate, TuCARE publishes news articles and position papers on topics such as vegetation management including the use of herbicides; "No Net Loss" of private lands, wildlife protection overreach, and the development of water storage and mineral extraction on both public and private lands.

TuCARE has engaged on many important land use issues, including opposing the expansion of Yosemite National Park and working tirelessly to keep the Stanislaus National Forest a multiple use forest. The group also worked to promote the Clavey River Project that would have increased county water supplies and generated electricity through hydro projects and supported the continuation of Forest Reserve Funds that guaranteed local communities a share of the receipts from timber harvests from local public lands.

Over the years, TuCARE has continued to press for reduced restrictions on private property owners, including the elimination of severe ESA, CEPA and NEPA regulations that discourage a vibrant local economy and negatively affect the ability to manage resources.

During the past 30 years, TuCARE has held countless natural resource tours and summits for the public, including legislators, decision

makers, educators and the public, both young and old. Since the tours began, TuCARE has had the privilege of educating over 30,000 individuals about the wise use and management of our natural resources. Nearly 300 dedicated men and women have volunteered untold hours to respond to the resource education needs of the public as part of TuCARE's extensive list of past (and present) Board of Directors. These individuals share a passion for the need to educate so others can make better, informed decisions about our resources. TuCARE volunteers are working to ensure the perpetuity of our resources for future generations and to help local economies prosper despite restrictive environmental rules and regulations.

TuCARE's members have consistently supported the organization's efforts both financially and physically—attending 30 years of annual resource summits, annual dinners and responding to "boots on the ground" needs for rallies and public displays of support. It has been a true group effort, with men and women from all walks of life joining together to ensure the promise of life, liberty and prosperity.

H.R. 4607

HON. PETER A. DeFAZIO

OF OREGON

IN THE HOUSE OF REPRESENTATIVES

Wednesday, March 7, 2018

Mr. DeFAZIO. Mr. Speaker, due to flight delays, I was unable to vote on H.R. 4607, the Comprehensive Regulatory Review Act. I would have voted against this legislation. Changing the Economic Growth and Regulatory Paperwork Reduction Act (EGRPA) review process timeline from every ten years to every seven will drive up the deficit, and gives financial regulators little time to implement recommendations. I was especially appalled with

the Rules Committee's adoption of an amendment to allow Congress to raid the Federal Reserve to pay for this legislation.

I also disagreed with the provision that includes the CFPB in the EGRPA review. This is unnecessary and duplicative, as the CFPB is already subject to a review of its rules every five years.

Most importantly, I have serious concerns with shifting the mandate that regulators identify "outdated and unnecessary" regulations to a mandate that regulators limit regulatory burdens. Directing regulators to prioritize limiting "cost, liability risk, and other burdens," would further reduce regulations for large banks, payday lenders, and thousands of other financial services companies without consideration for how these rules safeguard consumers.

HON. ROBERT A. BRADY

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, March 7, 2018

Mr. BRADY of Pennsylvania. Mr. Speaker, today I rise to honor the Darby Library Company, which will be celebrating its 275th birthday on March 10, 2018.

On its founding date in 1743, the Darby Library Company, located in the Village of Darby (present day Darby, PA), became the first cultural institution in the Philadelphia area. The Darby Library Company has served as a beacon of culture and intellectual curiosity throughout the development of a country and multiple wars and natural disasters, and nearly three centuries of history. Even today, after 275 years, it still provides library services for the Darby community and serves as a landmark in the neighborhood.

Generation after generation, members of the Darby Community have come to this historic establishment to read, learn, study and explore. The people of Darby have been and will continue to be the beneficiaries of this historic establishment. I am very proud that this incredible institution has such a long and illustrious history in my district.

Today, the Library boasts over 20,000 pieces of literature, including fiction, non-fiction, and reference books, in addition to a vari-

ety of audio, DVD, and video tapes. These programs and services are clearly beneficial to both Darby, as well as to the Greater Philadelphia area.

Mr. Speaker, please join me in honoring the Darby Library Company, for its 275 years of service to the Greater Philadelphia community, specifically the citizens of Darby, Pennsylvania.

Wednesday, March 7, 2018

Mr. FRANCIS ROONEY of Florida. Mr. Speaker, I rise today to pay tribute to Thomas Cronin, a generous citizen of Southwest Florida who peacefully passed away on February 16, 2018.

After attending St. Francis Xavier Catholic School and Fort Myers High School, he proudly served his country in the United States Army. Then, he returned to Southwest Florida and served his community as a businessman and philanthropist.

He was instrumental in the founding of the Southwest Florida Regional Hospital, now part of LeeHealth. Further serving our community, he worked on projects such as the development of Hodges University, the City of Palms Park Stadium, and the revamping of worn-down properties to increase the beauty of our paradise coast.

His leadership is shown through his active roles in local projects such as the Lee County YMCA, the Shell Factory and Nature Park in North Fort Myers, the United Way of Lee County, and the Jaycees and Octagon Wildlife Sanctuary.

The Southwest Florida community celebrates him for his cheerful Irish spirit, kind heart, and selfless service to his community.
